Dear Ziyad

You are so right asking why I have not written you and sent pictures! I have finally moved into my apartment again a month before Christmas and you know all the things you have to do to get back to normal. And still I have not my guestroom ready yet, as I have to negotiate both with the fire-brigade because of stricter rules, and the preservation of old houses which have taken away my windows (the big ones). But the most difficult is to wait for Alev to get her pictures ready so that we could send them together. Now she is in Paris and will only return in two weeks. But I have sent your uncle Mukerrem razor blades and a new razor as the kind you

gave me is old fashioned
here in Denmark so I bought
new ones. ~~with~~ Glucafca we
don't have, maybe it has another
name here, or you have to have a
recepie - is it a medicine?
The Apathek didn't know and I have
not asked a doctor yet.

Finally there has been no time
to go to the library for the Edinne
papers yet. You said you had
the catalog numbers of the files
It would make it so much
easier for me, or I am afraid
to spend too many hours finding
them?

We have 30 cm of snow so far
the moment we ski every week-
end. it is very cold but it is
much better than rain.

I wish you a happy new year

David
