Dear Ziyad,

Please accept my apologies for such long delay in replying to your kind letter of 23-th December 1972.

My mother-in-law (that is to say the mother of second Eve Usta and my husband) died in January. That is why I couldn't write to you earlier.

I was very delighted to receive your letter. It is so kind of you to maintain your invitation. I hope our authorities won't call its validity 3 years in question. Yesterday we started scrambling for passports.

In compliance with your suggestion we would like to come to you at the end of June or in the first days of July and stay with you to mid August. We are very glad that you would like to receive us longer but we can't afford for such long holidays. I don't know whether your proposal about our journey by bus still comes to consideration. This form of travelling would be more convenient for us because we would see much more, still I am afraid that it is more troublesome for you to book tickets for bus than for ~~train~~ plane. Therefore would you kindly to write to us as quickly as possible and let us know your decision in this matter. If we are to go by bus we will have to apply for transit visum for West Germany. I'm glad to know that the new Turkish Ambassador in Poland is your old friend, this fact may turn out very useful in our pains.

Eve have delivered me folders from you. It is very good that they are written mostly in English because unfortunately I don't know other foreign languages. I assume that this year we conquer all the difficulties and already at present I enjoy for splendid holidays in Turkey

I remain with the best regards

Yours very sincerely

Eve Muza
