Dr. Rıza Tewfik Bey,  
Dear Sir,

Miss Barnette Miller has advised me to send you a copy of my forthcoming book, "The New World of Islam"—an analysis of the chief elements of the great ferment now going on in the Near and Middle East. I have accordingly requested my publishers, Messrs. Charles Scribner's Sons, New York City, to send you a copy as soon as the book appears.

I have also asked them to send you immediately reprints of two articles of mine which have recently appeared

in Scribner's Magazine. These articles sum-  
marize certain aspects of the book.

Needless to say, when you have  
read the articles and the book, I  
should feel highly honored if you  
could to let me know what you  
think of them.

Believe me, Sir,

Sincerely yours,

Lotthrop Stoddard.
