Dear Mr. Gökyay,

With regard to the continuation of your programme I should like to inform you concerning the appointments we have made for you.

Thursday morning at 9 a.m. you are expected at the Social Welfare Administration of the Municipality (Sociala Nämnderna), Vasagatan 23-25. Please ask for Mrs. Heurlin, who is a specialist in her field, and will accompany you to the Nybodahemmet, which is a large home for children who, for a certain time, stay there under observation of nurses, pedagogues and psychologists in order to become adjusted to normal social surroundings.

This visit which is interesting and covers many of the aspects you want to study will last till about 11.30 or 12.00 noon, and we then expect you, at 12.15 p.m., as previously agreed, at the Swedish Institute.

In the afternoon, at 2.30 p.m., you are expected at the Royal Social Board (Kgl. Socialstyrelsen), School Section, Munkbron 9, where the Head of the section, Byråchef Bolin, and Miss Elving, will give you all information you want about the care of maladjusted children and young people, and, if you so wish, arrange a visit to one of those schools.

We shall then proceed to arrange for Friday and Saturday.

With kind regards,

Yours sincerely,

P. Stridsberg
