Dear Mr. Klein:

Thank you for your memorandum dated October 24, 1980 and for the galley proofs of my two articles. My friend Mr. Staats have sent them to my Munich address. Because of change in my plans, I did not go to the States as I had mentioned you before. Sorry, I couldn't write you about the postponement of my travel back to the USA. I am going to stay in Munich for one more year. So, you may write to my West Germany address now on. I promise to notify you if there will be any change in my plans again.

I have made only two small corrections on the article about Duwlat-uli. I am looking forward to seeing the first volume of your Encyclopedia.

If you need any additional information in future, please feel free to let me know.

Sincerely yours,

Timur Kocaoglu
