You couldn't count
the many things
That are wished today for you,
Good health, good luck
and happiness
are only just a few;
For you deserve
life's very best
In all that brings you cheer,
With birthdays growing happier
With every passing year.
Your loving daughter
Ani Seyla -

Hello!

Forget you because
I am busy
And it's hard to keep
in touch?

Not a chance in the world,
let me tell you,
Because I like you
too much.

from your Sister

Yeni Senin size uğur ve
